Companies Are Scrambling to Answer Key Questions
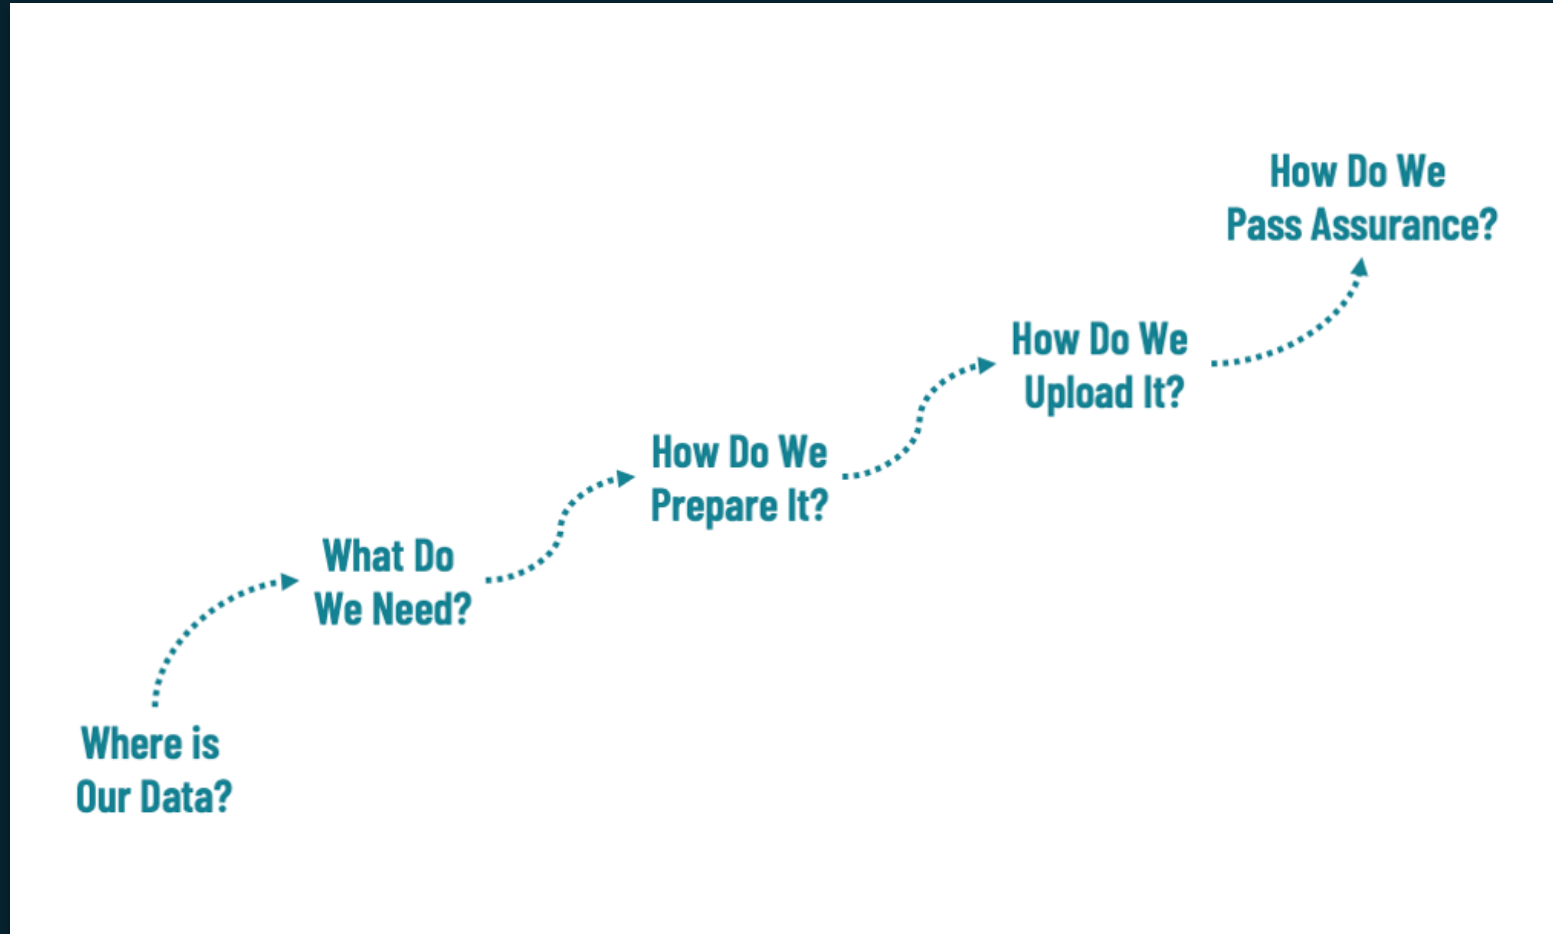

MEET GLYNT
The Sustainability Data Company
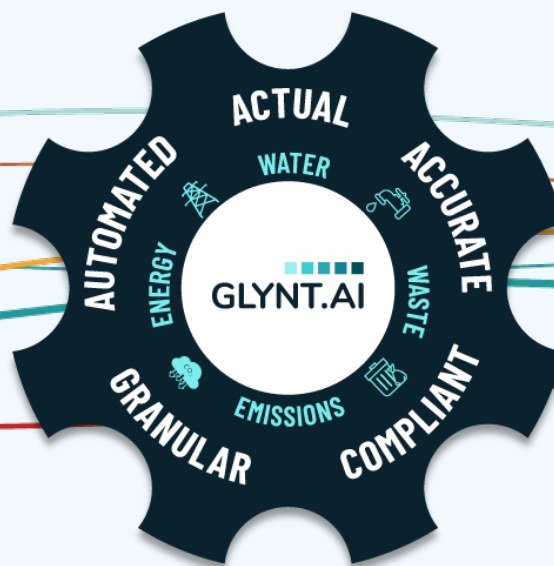

GLYNT prepares sustainability data for businesses around the globe.

GLYNT data is accurate, complete, granular and auditable at the company, site and product level

We Know How to Capture Your Original Source Data

GLYNT has multiple connector options, and years of experience
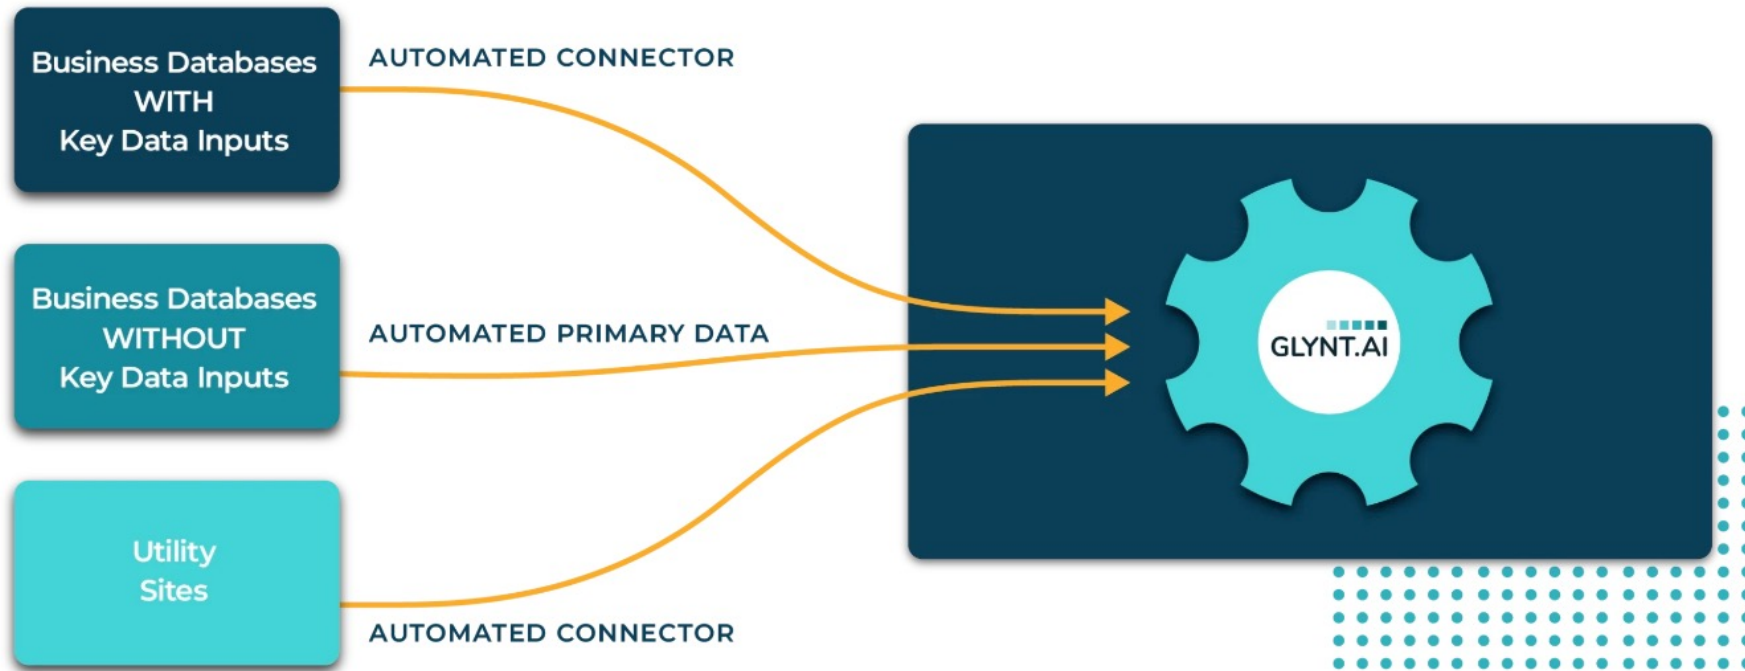

GLYNT Uses Advanced AI to Prepare Data

Our purpose-built platform is 98% accurate if we've seen the data type before.

Human review closes any gap and GLYNT delivers data at 99.5% accuracy

MORE AUTOMATION, FEWER EXCEPTIONS

Original Data Source → Fingerprint → Route → Process Using AI → Human Corrections → Data

Route → Exceptions & Setup → Process Using AI

END-TO-END AUTOMATION FOR SOX-LEVEL COMPLIANCE OF SUSTAINABILITY DATA
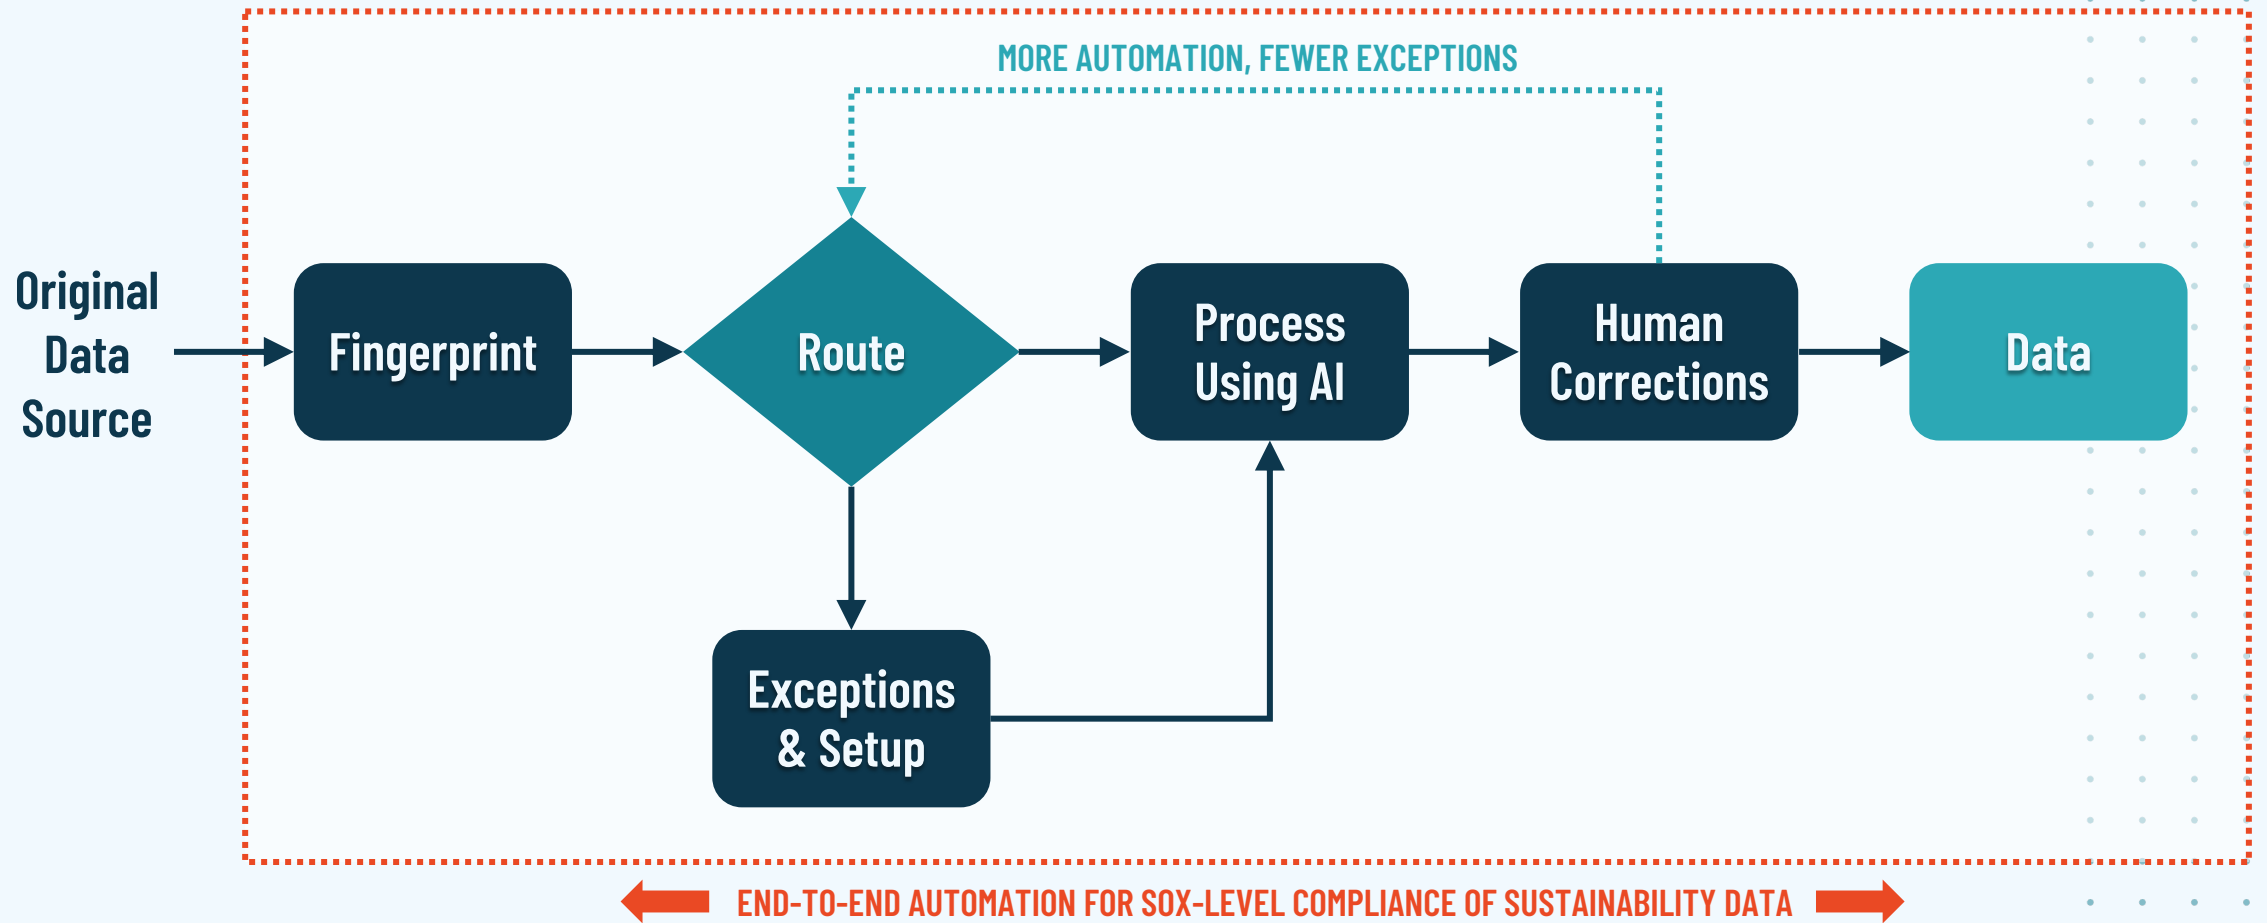

GLYNT's Sustainability Data Flows Seamlessly into the Software You Already Use

GLYNT in 5 Key Phrases

"You Can't Manage What You Don't Measure"

GLYNT sustainability data is accurate, granular and fresh – data that regulators, investors and customers rely on

"Sustainability Data as Rigorously Prepared as Financial Data"

GLYNT is compliant with SOX-levels of financial data preparation, increasing data quality and reducing customer risk and expense

"GLYNTify Your Data"

The GLYNT customer experience is simple: Original data in, Prepared data out. In the middle we "GLYNTify" the incoming data to make it accurate, harmonized, and audit-ready.

"Our Team Knows Data"

GLYNT brings together years of experience in cleantech, risk management, and financial services coupled with deep expertise in data pipelines and data operations. We are built for investor-grade data.

"I Have a GLYNT in My Eye"

Happy customers using GLYNT!
